Forming a nonprofit organization can be a formidable undertaking. With our start-to-finish formation, continuing educational opportunities, and personal service, we will turn your basic ideas into master-level social service, high-power community and faith-based business entities, capable of consistently attracting large, mid-level, and individual donations with which to fortify your true passion and strengthen your communities.

“INVESTING CAPITAL [TO BALANCE THE SCALES OF SOCIAL EQUITY] REQUIRES GROWTH CAPITAL AND CLOSE STEWARDSHIP. IT REQUIRES A PATIENT PROCESS OF TRIAL AND ERROR. IT IS HIGHLY TECHNICAL AND HAS A HIGH RISK OF FAILURE. MORE OFTEN THAN NOT, IT REQUIRES MAJOR SHIFTS IN STRATEGIC DIRECTION AND MAJOR SHIFTS IN PERSONNEL. ONCE AN ENTERPRISE IS BUILT, HOWEVER, THE BUILDERS CAN GO ON TO OTHER PROJECTS.”

"Often the only difference between a success and a failure is not one's better abilities or ideas, but the courage (self-efficacy) that one has to bet on one's ideas, to take a calculated risk - - and to act."

- Maxwell Martz

Community Collaboration

It is usually easier to strengthen an asset than to eliminate a deficit. Amazingly, deficits often decrease or even disappear as assets are developed. An asset or strength based approach appreciates that the glass is half full, asks why it is half full, and then finds ways to fill it even more."
